Comox Valley

NEWSLETTER

August 2021

Our first group activity will be a Picnic on Tuesday August 10 starting at 11:00 AM at the group picnic area in Kitty Coleman Park. There will be a few games and a chance for all of us to great friends after the long break. We would appreciate only those that are fully vaccinated attend.

The picnic area has numerous picnic tables but if you have folding chairs you might consider bringing them. Also suggest you wear your name tags as it has been awhile since we have seen you.

For those that have not been to Kitty Coleman here are the directions. Drive north on Hwy 19a. Just before Merville turn right on Coleman Road then left on Left Road.

Then right on Whitaker Road. Follow that down to the ocean passing Woodland Gardens. Turn right past the office. The group picnic area is behind the office. Plenty of parking.

See you there.

HIKING GROUP

Jim Cooper and Tim Ackerman have organized several hikes over the last weeks. Pictures are from a few of the hikes.

Under ideal hiking conditions 10 hikers completed the 10 km Helen Mckenzie/Battleship lakes loop at Mt Washington July 27th. We welcomed Peter Marshall a relatively new club member to his first hike with the group and we look forward to many more with his company. The meadows and lakes continue to be as beautiful as ever, just stunning scenery!

Golf Group

With all the perfect weather, lots of opportunity for golf. In June we met at the Arrowsmith course where 24 member enjoyed a round and dining on the patio. In July we had 21 members and 6 guests for a nine and dine at the Comox course.

The next event will be another nine and dine at the Qualicum Beach course on Thursday August 26. Those that have signed up with Dave will be contacted.
